

# A Note From...

## The Kindergarten Team

---

Dear parents,

We are just six days away from the first day! As promised, we are going to do practice drop-offs for the kindergarteners this week. This will give you a chance to go through the process with your kids and help them get used to saying goodbye to you outside the gate.

When you arrive please park in the lot and walk toward the cul-de-sac. We will screen you and your child, and then gather for a quick welcome on the earth top. Then your child's teacher will walk you and your child up to the room so you can see what drop off will look like there.

**Theresa's class will meet Thursday at 8:30**

**Crista's class will meet Friday at 8:30**
