## Camp Pricing

Please check our [summer webpage](#) for the most current pricing and class information.

- Changes made after the registration form has been submitted may be subject to a \$25 fee for each change.
- Summer camp classes will not be prorated for absences.

Each camp session is two weeks long, and families are required to register for the full session at the listed rate. However, if spots remain available one week before the camp's start date, TCS may consider one-week enrollment at a prorated rate, pending instructor approval, to ensure a cohesive camp experience.

- Note: Camps are intentionally structured as two-week sessions, allowing students to establish a routine, build relationships with instructors and peers, and experience what school feels like at TCS. Activities are thoughtfully designed to build upon each other from day to day and week to week, creating a cohesive and enriching experience. Missing part of the session can result in children missing key activities, which can be disappointing. To ensure campers get the most out of the program, we strongly recommend that families register for the full two-week session.

## Snacks & Lunch

Please send your child with snacks, a lunch and plenty of fluids (\*community snacks will be provided for preschool students during Get Ready for Preschool camp). We do not provide lunch and Ki's hot lunch is not available during the summer, so please send a lunch for your child if they will be with us at lunchtime.

**Our school is nut-free through Kindergarten.**

Please label your child's lunch box, water bottle and other belongings with their full name.

**Half-day campers in Kindergarten through grade 8 are welcome to attend a supervised lunch/recess period from 11:45am - 12:15pm as we transition from the morning to afternoon program. Morning campers must be picked up by 12:15pm. Afternoon campers may arrive anytime between 11:45am - 12:15pm.**
